

Meeting Notes:

We prefer MockupA

May need SubTitle for each page --> Clarify Topic

Header Bar Lines may need some changes
(Double line --> Single line?)

May using thread/stiching of clothing
as style inspiration for lines?

Hamburger Nav Menu for Mobile

Background Texture: can be more subtle.
(Applying another black 50% overlay may work)

Need a Footer

Font Size for Mobile --> Smaller

Font Style pretty good.

A Secondary Type to differentiate Web Title and Content
mayeb better

I will provide/organize more contents for the website.
(finish by Friday)

Title, Legibility, Alignment are good so Far
